LAKE WARNER WILDLIFE MANAGEMENT AREA (HADLEY, MA.)

Print Date : 9/18/2003

Lake Warner

Wildlife Management Area

Hadley
95 Acres

- SIZE:** 95 acres. The topography is variable, ranging from steep slopes, the parcel being on the northeast side of Mt. Warner, to wetlands along the Mill River.
- U.S.G.S. QUAD:** Williamsburg
- VEGETATION:** Primarily mixed hardwood with some white pine.
- WATER:** The property has 4,825 feet of frontage on Lake Warner and 2,160 feet of frontage on the Mill River. This is a weed-choked warm water lake.
- WILDLIFE:** Deer, aquatic furbearers, raccoon, squirrel, turkey, geese and duck. This area is not stocked with fish or pheasant.
- SPECIAL REGULATIONS:** None.
